SCOA league:

Seven of the events scheduled for the 2015 – 16 season have taken place. A further three events are currently scheduled for 2016.

Other matters:

- 1) The next ESG meeting will be on 12 March 2016, finalising level B events up to the end of 2017.
- 2) A round of the Yvette Baker Trophy was held at the TVOC event on 14 February. As well as TVOC, two other clubs entered, with HH narrowly beating SN. Feedback is invited as to whether it is worth running this again next year.
- 3) As the discussion over SCOA competitions has not yet reached a conclusion but looks unlikely to recommend significant changes, we should agree a host event for the 2016 SCOA Championships. I propose the TVOC Chiltern Challenge on 24 April 2016 at Wendover (an alternative would be the SN event at Long Valley on 11 December 2016). It is normal to agree the host event at least a year in advance and so I also propose that the 2017 competition be held at the BKO Concorde Chase on 29 January 2017 (an alternative being the Southern Championships at SOC's event on 5 November 2017 but that event is already very busy).
- 4) All level C events in the region up to the end of August 2016 either have an appointed controller from another club or have been granted a waiver.
